ACCOMODATION

Recommended Accommodation

At Ultra X, we aim to create accessible, life changing trail running experiences that bring people together in meaningful ways. To support this, we have partnered with Hotel Planner to help competitors and supporters find convenient and comfortable accommodation options around the event. This allows us to offer a more seamless experience, combining an exceptional race with great places to stay. Find out more here.

For those competing in the 110km multi stage event, camping is included as part of your entry. Accommodation consists of shared tents, with up to six competitors per tent. Participants will need to bring their own roll mats and sleeping bags. Tents are allocated by gender unless you specifically request to share with particular individuals.

For 2026, we are excited to introduce an updated venue setup. All competitors will now have access to shower facilities at the campsite. There is also the option to upgrade your overnight accommodation to either a glamping pod or a single tent for additional comfort. A restaurant will also be available on site.

ROUTE INFORMATION

The route is available to download as a GPX, or via Garmin, Coros, Strava, below:

There will be toilets at CP2, CP3 and CP5 as well as at the finish and the start of the 60km course. This is also relevant for the first half of the 110km.

For the second half of Ultra X Scotland 110 and Ultra X 50 Scotland: toilets are available at CP2 (CP8) and CP3 (CP9), as well as at the start and finish. There are also public toilets in Foyers between CP2 and CP3.

Once you've started the race, navigate the route using our course markers. The route is fully marked at approximately 50-100m intervals and you're looking for: Ultra X branded orange ribbons, Blue and White directional arrows, and along sections where there is little foliage red and yellow flags.

If at any point on the route you do get lost and have not seen a marker for some time, it's possible you've taken a wrong turn. In this situation, it is always best to backtrack to the last marker you saw. Do not try and second guess the course.

Whilst the route is fully marked, it is **mandatory** you download the GPX files of the course onto your GPS watch and phone to assist with navigation. Please note, that some sections of the course may change at the last minute due to unforeseen circumstances.

Therefore, during the race, if the route markings deviate from what your GPS watch is telling you, please follow the markings. The course will no doubt re-join your GPS track shortly. Remember: route markings are your primary means of navigation; your GPS watch is your back-up.

Note that the actual distances of each stage are 113km, 63km, 50km, 27km and 11km.

CUT-OFFS

At our events, we want everyone to finish their race. We therefore have generous time allowances of roughly 2.5hrs per 10km. We will be implementing cut-offs to ensure the safety of our competitors and crew. Please see the table below for cut-off details. You must have DEPARTED each checkpoint by the time below.

Checkpoint	110km	60km/Stage 1	50km/Stage 2

CP2 Abriachan	1250	1130	
CP3 Drumnadrochit	1540	1345

CP9 Farigaig	1200		1545
CP10 Whitefield	1515		1815
Finish Dores	1900		2115

If any 110km multistage runners miss a cut-off they will be transported by the Runner Collection Vehicle to the race campsite for the evening where they will have access to their camp bag. Further transport onwards will be at your own expense.

Single stage runners who miss cut-offs on Sunday will be driven to the finish line in Dores when the checkpoint crew has had their final runner pass through or by the Runner Collection Vehicle.

We are there to help and support you if you are unable to continue the course. For safety reasons, it is always preferable to drop out of the race at an aid station. Here we can give you immediate care and support. If you make the decision to drop out, it is important to inform the crew at these aid stations to ensure we can look after you and coordinate assistance to collect you. If you drop out away from an aid station you must phone the race director immediately on the number provided in this email so we can coordinate extracting you off the route.

THE COURSE

The course showcases some of the most spectacular trails around Loch Ness. While we have aimed to keep the route predominantly on trails, a 110km course inevitably includes some road sections. These may offer a welcome reprieve underfoot, but please remain vigilant and aware of traffic at all times.

There are several road crossings throughout the course. Please take extra care in these areas, and if running in low light or darkness, ensure your headtorch is switched on.

Sections of the route pass through local farmland. All permissions have been granted, and we ask that you respect these areas by strictly following the marked course. You may occasionally need to cross stiles, and when passing through gates, please ensure they are closed behind you.

Respect for the local environment, communities, and landowners is paramount. Littering will not be tolerated and may result in time penalties or disqualification, depending on the severity of the offence.

Due to a collapsed bridge on the South Loch Ness Trail (affecting the 110km and 50km routes), a section just before CP2 on Day 2 has been rerouted onto a 4km road stretch. Unfortunately, no viable trail alternative exists.

This section will be marshalled and, while not as scenic, may provide a welcome opportunity to maintain rhythm. Your safety is always our priority, and the original river crossing is not safe to use.

There is also a short unmarked section of approximately 2–3km after Inverfarigaig, which passes through farmland. This follows a clear, straight track with no turn-offs:

110km single stage: approx. 96km
110km multi-stage / 50km: approx. 34km (Sunday)
25km: approx. 9km

MANDATORY KIT

Please ensure you arrive with all mandatory kit items
Random spot checks will take place at registration and at checkpoints throughout the event.

Reusable plate, bowl and eating utensils are recommended for 110km single stage participants if you wish to eat a hot meal at aid stations. Plates, bowls or cutlery are not provided on course.

A range of merchandise, including a flash sale of our 2025 collection, will be available, along with event partners and vendors at the finish line.
